Curriculum

AFRICAN STUDIES | M.A. Requirements

African Studies Program Learning Goals and Objectives

Entering Class 2013-2014

Students take the equivalent of 16 non-language courses (64 credits) in order to graduate. Those students who are approved for dual degree or advanced standing may only need to take 12 or 14 courses as approved by Academic Affairs.

AFRICAN STUDIES

Students concentrating in African Studies take at least six courses within this program, which may include one course outside African Studies on an African topic. Courses in the curriculum cross-listed with African Studies may be counted toward the degree.

INTERNATIONAL ECONOMICS

Students complete four courses within this program.
Microeconomics
- Macroeconomics (prerequisite or concurrent Microeconomics)
- International Trade Theory (prerequisite Microeconomics)
- International Monetary Theory (prerequisite Macroeconomics)

Eligible students who pass the waiver exams in these subjects or who pass Micro and/or Macro in Pre-Term must replace those courses with alternate economics courses. Many students choose to pursue an International Economics Specialization in one of four areas of economics and therefore use electives to meet these requirements. Students may also choose to specialize in Emerging Markets.

QUANTITATIVE REASONING

Students complete one course from the list below.
- Statistical Methods for Business & Economics
- Econometrics (prerequisite Statistical Methods for Business & Economics)
- Applied Econometrics (prerequisite Econometrics)
- Macro Econometrics (prerequisite Econometrics)
- Risk Analysis and Modeling
- Corporate Finance (prerequisite or concurrent Microeconomics)
- Quantitative Methods in International Relations (prerequisite Statistical Methods for Business & Economics)

Students may not double-count a Quantitative Reasoning requirement as one of the four required International Economics courses and vice-versa. Eligible students who pass the statistics waiver exam or pass the statistics course in Pre-Term are still required to take an alternate Quantitative Reasoning course from the list above.

CORE COURSES/EXAMS

All SAIS students must pass two core exams and/or courses. African Studies concentrators must pass Comparative National Systems as one of their core requirements prior to the start of their third semester. If the second core is not completed by the start of the final semester, a student must enroll in second core course.
- American Foreign Policy Since World War II
- Comparative National Systems
- Evolution of the International Systems
- Theories of International Relations

LANGUAGE PROFICIENCY

African Studies MA candidates a required to demonstrate proficiency in French, Portuguese or Arabic, through a course sequence and/or proficiency exam. All non-native English speakers are required to pass an English placement exam upon entering SAIS. Native speakers of French, Portuguese or Arabic must pass proficiency in a second language which can include English.
CAPSTONE

African Studies concentrators in the second year produce a program paper of publishable quality, which may be the product of a regular course or supervised independent research. The paper is due by April 15th of a student's second year. For those whose final semester is fall, consult the Program Director for a due date.

PROGRAM REQUIREMENTS BY ACADEMIC YEAR

Entering Class 2012-2013
Entering Class 2011-2012
Entering Class 2010-2011
Entering Class 2009-2010
