Southeast Asia Studies | MA Academic Requirements

Southeast Asia Studies Program Learning Goals and Objectives [22]

Entering Class 2017-2018

MA students must take the equivalent of 16 non-language courses (64 credits) in order to graduate. Those students who are approved for dual degree or advanced standing may only need to take 12 courses (48 credits) or 14 courses (56 credits) as approved by Academic Affairs.

SOUTHEAST ASIA STUDIES [23]
Students concentrating in Southeast Asia Studies must take at least 4 courses within this program.

ASIAN STUDIES [24]
Southeast Asia Studies concentrators must also fulfill the requirements for the field of Asian Studies, which include 2 Asian Studies area courses outside of Southeast Asia Studies.

Students in Southeast Asia Studies also have the option of pursuing a specialization in the International Relations of Asia [25] (AsiaIR).

INTERNATIONAL ECONOMICS
Students must complete 16 credits. The four required courses are:

- Microeconomics
- Macroeconomics (prerequisite or concurrent: Microeconomics)
- International Trade Theory (prerequisite: Microeconomics)
- International Monetary Theory (prerequisite: Macroeconomics)

If a student passes a waiver exam in one of these areas, the student must take a replacement International Economics program course(s) to fulfill the concentration requirement.

Starting with the entering class of Fall 2017, students who pass Microeconomics in Pre-Term will have the concentration reduced to 12 credits, but still must complete Macroeconomics, International Trade Theory, and International Monetary Theory (or a replacement course(s) if waiver exam(s) passed). The Pre-Term Microeconomics course is not for credit and is not factored into the GPA.

Beyond the requirements, many students choose to pursue an International Economics Specialization in one of four areas of economics. Students may also choose to specialize in Emerging Markets.

Concentration GPA Requirement
Students must achieve a combined GPA of at least 2.67 in four (or three if Microeconomics is passed in Pre-Term) required International Economics program courses or they must retake the course(s) until a 2.67 concentration GPA is achieved. In the standard case, the concentration GPA will be the average of the grades of Microeconomics, Macroeconomics, International Trade Theory, and International Monetary Theory.

If one or more of the four standard courses is waived, the school will use the highest grade(s) from any eligible replacement International Economics program course(s) to compute the International Economics concentration GPA.

QUANTITATIVE REASONING

Students must complete one course from the list below.

- Statistical Methods for Business & Economics
- Econometrics (prerequisite Statistical Methods for Business & Economics)
- Applied Econometrics (prerequisite Econometrics)
- Macro Econometrics (prerequisite Econometrics)
- Risk Analysis and Modeling
- Quantitative Global Economics (prerequisite International Monetary Theory)
- Credit Markets & Credit Risk (prerequisite Corporate Finance)

Students may not double-count the same course toward the Quantitative Reasoning requirement and as an International Economics concentration course and vice-versa.

If a student passes the statistics waiver exam, the student must take an alternate course from the list above to fulfill the Quantitative Reasoning requirement.
Starting with the entering class of Fall 2017, students who pass Statistical Methods for Business & Economics in Pre-Term will have fulfilled the Quantitative Reasoning requirement. The Pre-Term course is not for credit and is not factored into the GPA.

CORE COURSES/EXAMS

All students must pass 2 core courses and/or exams from the subjects below. Southeast Asia Studies concentrators must pass Comparative Politics as one of their core requirements prior to the start of their third semester. If the core courses/exams are not completed by the start of the final semester, the student no longer has the option of completing the exam and must enroll in the core course(s) for credit.

- American Foreign Policy Since World War II
- Comparative Politics
- Evolution of the International Systems
- Theories of International Relations

LANGUAGE PROFICIENCY

Southeast Asia Studies concentrators must pass exams to demonstrate proficiency in Burmese, Indonesian, Thai or Vietnamese. All non-native English speakers are also required to pass an English placement exam upon entering SAIS. Native speakers of one of these Southeast Asian languages must pass proficiency in a second language which can include English. Native Southeast Asian speakers who pass the English placement exam or proficiency upon entry are encouraged to pursue language study or proficiency in a Southeast Asian language other than their own.

CAPSTONE

Southeast Asia Studies concentrators must complete ONE of the following capstones:

- Southeast Asia Oral Exam. The exam is designed to test substantive knowledge and oral communication skills covering SEA politics, economics, history and their impact on international relations. The one-hour exam will be administered by the Program Director, Associate Program Director and others as designated by the program.
- MA Oral Exam (to compete for honors—if eligible)

PROGRAM REQUIREMENTS BY ACADEMIC YEAR
