General International Relations | M.A. Requirements

Entering Class 2013-2014

GENERAL INTERNATIONAL RELATIONS (IR)

Students concentrating in General International Relations (IR) must take at least 6 IR courses. All General IR concentrators must take at least 1 course from a minimum of three separate IR areas. These areas include:

- Conflict Management
- Energy, Resources and Environment
- Global Theory and History
- International Law and Organizations
- Strategic Studies

International Relations students studying at SAIS Europe must take at least three IR courses in Washington with the exception of dual-degree or advanced-standing students, who must take at least two IR courses in Washington.

INTERNATIONAL ECONOMICS
Students must complete 4 courses within this program.
- Microeconomics
- Macroeconomics (prerequisite or concurrent Microeconomics)
- International Trade Theory (prerequisite Microeconomics)
- International Monetary Theory (prerequisite Macroeconomics)

Eligible students who pass the waiver exams in these subjects or who pass Micro and/or Macro in Pre-Term must replace those courses with alternate economics courses. Many students choose to pursue an International Economics Specialization in one of four areas of economics and therefore use electives to meet these requirements. Students may also choose to specialize in Emerging Markets.

QUANTITATIVE REASONING

Students must complete one course from the list below.
- Statistical Methods for Business & Economics
- Econometrics (prerequisite Statistical Methods for Business & Economics)
- Applied Econometrics (prerequisite Econometrics)
- Macro Econometrics (prerequisite Econometrics)
- Risk Analysis and Modeling
- Corporate Finance (prerequisite or concurrent Microeconomics)
- Quantitative Methods in International Relations (prerequisite Statistical Methods for Business & Economics)

Students may not double-count a Quantitative Reasoning requirement as one of the four required International Economics courses and vice-versa. Eligible students who pass the statistics waiver exam or pass the statistics course in Pre-Term are still required to take an alternate Quantitative Reasoning course from the list above.

CORE COURSES/EXAMS

All SAIS students must pass 2 core exams and/or courses. General IR concentrators must pass Theories of International Relations as one of their core requirements prior to the start of their third semester. If the second core is not completed by the start of the final semester, a student must enroll in second core course.
- American Foreign Policy Since World War II
- Comparative National Systems
- Evolution of the International Systems
- Theories of International Relations

LANGUAGE PROFICIENCY

MA candidates must pass exams to demonstrate proficiency in a second language. This language must be offered at SAIS. Students whose native language is not English may use English as their proficiency language. All non-native English speakers are required to pass an English placement exam upon entering SAIS, even if not using English for proficiency.

CAPSTONE

General International Relations concentrators must complete ONE of the following capstones:

1. A twenty-page research paper whose focus and subject matter has been approved by the director
2. A twenty-page written report that draws conclusions about international relations or international political economy based on an internship undertaken while at SAIS
3. Successful completion of Contemporary Theory of International Relations (SA.600.702)
4. MA Oral Exam (to compete for honors—if eligible)
