South Asia Studies | MA Academic Requirements

South Asia Studies Program Learning Goals and Objectives [38]

Entering Class 2016-2017

MA students must take the equivalent of 16 non-language courses (64 credits) in order to graduate. Those students who are approved for dual degree or advanced standing may only need to take 12 courses (48 credits) or 14 courses (56 credits) as approved by Academic Affairs.

SOUTH ASIA STUDIES [39]
Students concentrating in South Asia Studies must take at least 4 courses within this program. One of those courses must be Comparative Political & Economic Development in South Asia (SA.790.820) and must be taken in their first year (those starting in Bologna must take the course in DC).

ASIAN STUDIES [40]
Students also must fulfill the general requirements for the field of Asian Studies, that is, an additional 2 Asian Studies courses outside of South Asia Studies.

Students in South Asia Studies also have the option of pursuing a specialization in the International Relations of Asia [41] (AsialR).

INTERNATIONAL ECONOMICS
Students must complete 4 courses within this program.

- Microeconomics
- Macroeconomics (prerequisite or concurrent Microeconomics)
- International Trade Theory (prerequisite Microeconomics)
- International Monetary Theory (prerequisite Macroeconomics)

Eligible students who pass the waiver exams in these subjects or who pass Microeconomics in Pre-Term must replace those courses with alternate economics courses. Many students choose to pursue an International Economics Specialization [42] in one of four areas of economics and therefore use electives to meet these requirements. Students may also choose to specialize in Emerging Markets [43].

Students must receive a 2.67 average in the 4 required economics courses or they must retake a course(s) until a 2.67 average is obtained. If any of the 4 courses are achieved by passing a waiver exam or during Pre-Term, the student must substitute an economics elective course(s) in place of the waived course(s) in order to fulfill the economics requirement above. In this case, SAIS will use the highest economics program elective course grade(s) to compute this average if a student is replacing one or more of the 4 required courses of Microeconomics, Macroeconomics, International Trade Theory or International Monetary Theory.

**QUANTITATIVE REASONING**

Students must complete one course from the list below.

- Statistical Methods for Business & Economics
- Econometrics (prerequisite Statistical Methods for Business & Economics)
- Applied Econometrics (prerequisite Econometrics)
- Macro Econometrics (prerequisite Econometrics)
- Risk Analysis and Modeling
- Quantitative Global Economics (prerequisite International Monetary Theory)

Students may not double-count a Quantitative Reasoning requirement as one of the four required International Economics courses and vice-versa. Eligible students who pass the statistics waiver exam or pass the statistics course in Pre-Term are still required to take an alternate Quantitative Reasoning course from the list above.

**CORE COURSES/EXAMS**

All SAIS students must pass 2 core exams and/or courses in addition to their concentration requirements. South Asia Studies concentrators must pass Comparative Politics as one of their core requirements prior to the start of their third semester. If the second core is not completed by the start of the final semester, a student must enroll in second core course.

- American Foreign Policy Since World War II
- Comparative Politics (old name Comparative National Systems)
- Evolution of the International Systems
- Theories of International Relations

**LANGUAGE PROFICIENCY**
South Asia Studies MA candidates must pass exams to demonstrate proficiency in Hindi-Urdu or Persian (Farsi). All non-native English speakers are required to pass an English placement exam upon entering SAIS. Native Hindi-Urdu or Persian (Farsi) speakers must pass proficiency in a second language which can include English.

CAPSTONE

South Asia Studies concentrators must complete ONE of the following capstones:

2. MA Oral Exam (to compete for honors—if eligible)

PROGRAM REQUIREMENTS BY ACADEMIC YEAR

Entering Class 2015-2016
Entering Class 2014-2015
Entering Class 2013-2014
Entering Class 2012-2013
Entering Class 2011-2012
Entering Class 2010-2011
Entering Class 2009-2010
